Introduction

This document expands on the *REC Simple250 LP-250 Upgrade Availability Report Summary* (May 24, 2021) to provide additional raw data on each licensed LPFM station. This list is sorted by state and then by city.

Upgrade status

The columns "Upgrade potential", "Upgrade on Channel" and "Second Adj. Waiver?" indicate the status of the upgradability of the specific facility:

Upgrade Potential	Upgrade on Channel	Second Adj. Waiver?	Definition
YES	Same	No	Can upgrade on channel with no second adjacent channel waiver needed.
YES	Same	YES	Can upgrade on channel but interfering contours to short-spaced second adjacent will increase or a new second adjacent short spacing.
YES	Minor	Chk	Can upgrade to an adjacent channel (+/- 1, 2, 3, 53, 54). May or may not need action on the second adjacent channel.
YES	Major	No	Can upgrade but to a channel that is not an adjacent channel. No second adjacent waiver needed.
YES	Major	YES	Can upgrade but to a channel that is not an adjacent channel. Increased second adjacent interfering contour or new short space.
Cond	Same	No	Can upgrade on channel only if another LPFM station does not upgrade. No second adjacent channel waiver needed.
Cond	Same	YES	Can upgrade on channel only if another LPFM station does not upgrade. Increased second adjacent contour or new short space.
100W	Same	No	Can upgrade on channel but limited to 100 watts ERP due to intermediate frequency. No second adjacent waiver needed.
100W	Same	YES	Can upgrade on channel but limited to 100 watts ERP due to intermediate frequency. Increased second adjacent contour or new short space.
No	None		Unable to upgrade to LP250. No alternate channel available.

Technical Parameters

Technical parameters used for this report match those in the REC Networks Simple250 (RM-11909) *Petition for Rulemaking*, Appendix B.

LP-250 minimum distance separations

LPFM stations in the US Virgin Islands are reported to the ITU in order to coordinate with the British Virgin Islands (BVI). LPFM stations in this territory should consult with a professional (such as REC) to determine potential for protest. LPFM stations are specifically not required by rule to protect stations in the BVI.
