

LIFE PHARM®

OMEGA+++

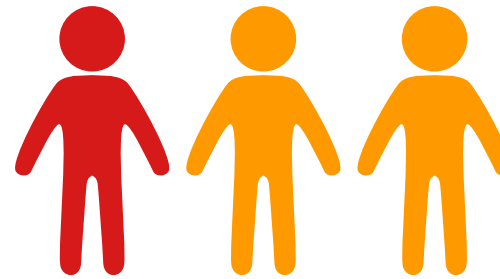

It All Circles Back to Circulation

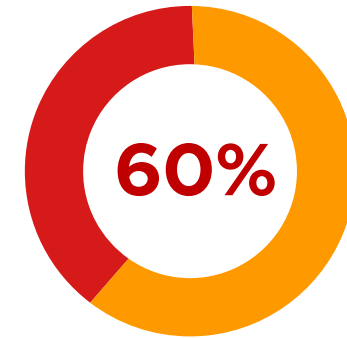

Did you know?

Cardiovascular diseases (CVDs) are the leading cause of death globally, responsible for **17.9 million** deaths annually.¹

1 in 3 deaths worldwide is due to heart and circulatory disease.²

The number of deaths from cardiovascular disease has surged by **60%** globally over the past 30 years.³

Importance of the Circulatory System

A healthy circulatory system is the foundation of your overall health.

Transports oxygen, nutrients, and hormones to keep organs functioning properly.

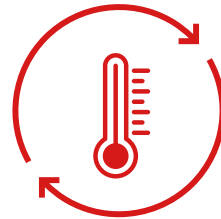

Delivers oxygen to cells for energy production in daily activities and performance.

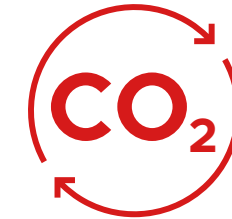

Ensures optimal blood flow, supporting cognitive function and heart health.

Provides nutrients for tissue repair and reduces inflammation after exertion.

Regulates temperature and internal processes for stability.

Removes waste products like carbon dioxide and metabolic by products.

Warning Signs of Poor Circulation

- Fatigue
- Heart discomfort
- Dyspnea (labored breathing)
- Chest discomfort during physical activity
- Occasional coughing or wheezing
- Confusion or impaired thinking
- Loss of appetite or nausea
- Slow recovery after exercise
- Dizziness or fainting
- Swollen feet or ankles

Introducing OMEGA+++

- A proprietary multi-action formula designed to help maintain and improve circulatory health.
- OMEGA+++ is based on cutting-edge research that demonstrates its ability to improve circular and cardiovascular function.

Highest Quality Ingredients

OMEGA+++ uses the highest quality, potent, and safe ingredients to deliver comprehensive health benefits. The combination of these heart healthy ingredients helps maintain healthy cholesterol and good fat levels.

EGG BIOACTIVE GROWTH FACTORS

LifePharm's Proprietary formula supports cellular regeneration and overall well-being.*

VITAMIN K2

Derived from Natto, a traditional Japanese food made from fermented soybeans.

COQ10 EXTENDED RELEASE

Powerful antioxidant that mirrors what is naturally produced in the heart and liver.

OMEGA-6 AND OMEGA-9

Derived from Borage Oil, a plant-based source that is easily absorbed and used by the body.*

OMEGA-3 (EPA AND DHA)

Sourced from Engraulis Ringens, a South American anchovy species naturally high in EPA and DHA and free from heavy metals.

Omega Fatty Acids Found in OMEGA⁺⁺⁺

Omega fatty acids support overall health by promoting healthy circulation, brain function, and balanced inflammation, contributing to long-term wellness. Here's why OMEGA⁺⁺⁺ includes Omega-3, 6, and 9:

- Supports cardiovascular health, lowers triglycerides, and reduces inflammation.*
- Plays a key role in brain function and cognitive development.*
- May help support joint flexibility and reduce stiffness.*

- Plays a role in cell signaling in the brain.*
- Helps balance cholesterol levels*
- OMEGA⁺⁺⁺ contains only a safe amount of Omega-6, ensuring the right balance with Omega-3 for optimal health benefits.*

- Helps reduce LDL (bad) cholesterol and increase HDL (good) cholesterol, supporting heart health.*
- May help to reduce inflammation and prevent plaque buildup in arteries, promoting better blood flow.*

EPA and DHA

What they are and why we need them

EPA and DHA are two long-chain Omega-3 fatty acids that are critical for human health. While both are essential, they perform distinct functions in the body. OMEGA+++ provides the ideal balance of EPA and DHA, ensuring that the body receives the necessary nutrients.

EPA (EICOSPENTAENOIC ACID)

- EPA plays a vital role in regulating inflammation throughout the body.¹
- It can also convert into DHA as needed, helping the body maintain a proper balance of these essential fatty acids.²

DHA (DOCOSAHEXAENOIC ACID)

- DHA is a key structural component of the brain's grey matter, which supports information processing and cognitive functions.³
- Unlike EPA, DHA focuses on maintaining the integrity of cell membranes, particularly in the brain and nervous system.⁴

	Fish Source	EPA Content	DHA Content
LifePharm	Anchovies/Sardines	18%	12%
Others	Cod Liver Oil	9%	14%
Others	Salmon	9%	10%

OMEGA⁺⁺⁺ with Extended Release CoQ10

- CoQ10 is a powerful antioxidant naturally found in the heart and liver, essential for energy production and supporting cardiovascular health.*
- Our cultivated form of CoQ10 mirrors the type found in the body, ensuring optimal absorption and efficiency.
- Supports healthy circulation by addressing oxidative stress in blood vessels and arteries.*
- The extended-release formula allows CoQ10 to stay in the body for up to 24 hours, providing long-lasting energy and antioxidant benefits.

OMEGA⁺⁺⁺ with Vitamin K2

Our Vitamin K2 is derived from Natto Bacillus subtilis, a traditional Japanese food made from fermented soybeans. This beneficial bacteria is naturally found in the human lower intestine, ensuring high bioavailability and effectiveness.

- Directs calcium to bones and teeth, which may help reduce the risk of its accumulation in the arteries, supporting healthy calcification levels.*
- Supports arterial health by activating proteins that discourage calcium buildup, helping maintain flexibility and normal function of the arteries.*
- Studies show that Vitamin K2 promotes healthy circulation by contributing to arterial flexibility, which supports overall cardiovascular function.*
- Vitamin K2 is deficient in the general US and other populations.
- Typical foods are low in Vitamin K2 and therefore supplementation is recommended.

LifePharm Proprietary Egg Bioactive Growth Factors

Stimulates healthy stem and tissue cells. This ingredient helps optimize function of immune cells, nerve and brain cells, connective tissues increasing collagen and elastin and lining of blood vessels.*

Get The Benefits

- ✓ Swiftly moves blood, which is the body's greatest healing force for overall health and age-reversal*
- ✓ Supports cardiovascular, neurological and joint health*
- ✓ Supports memory and cognitive functions*
- ✓ Maintains the necessary amounts of omega-3 needed to support healthy joints and bones*
- ✓ Helps protect, rebuild, and restore the structure and functions of brain cells, and nerve cells while shielding the brain from oxidative stress*

Success Stories

500+ Reviews

“Thanks to OMEGA+++ my circulation and pressure levels have improved.”

Mei

“After my father started to take OMEGA+++ , I noticed a difference in his stamina and circulation.” *Marivel L.*

“I’ve been using OMEGA+++ for six months and I’m very satisfied. I sleep better, have more energy, and my cholesterol levels stayed within the normal range.” *Lidija M.*

“Ever since taking OMEGA+++ , my focus and memory have improved, and I can remember a surprising number of things that would have escaped me before.” *Lacie M.*

“After taking OMEGA+++ for a month, I decided to check on the status of my cardiovascular and circulatory systems. The "age" of my vascular system came back as 48 when I'm 64! I was really stunned and delighted!” *Galina A.*

“For many years, I had reduced lung capacity, making it difficult to do sports, sing, or anything physically demanding. I tried many different products and nothing helped until I tried OMEGA+++ . After a year, I feel like I have the lung capacity of a healthy 20-year-old.” *HD K.*

OMEGA+++ LAMININE's Perfect Counterpart

- ✓ When OMEGA+++ is taken together with LAMININE, their effects are even more powerful.
- ✓ Study showed that taking OMEGA+++ and LAMININE together help maintain healthy cholesterol and triglyceride levels.¹
- ✓ Study showed that men with compromised sperm counts experienced improved sperm viability. Couples saw a 20% increase in pregnancy rates compared to those not taking supplements.^{1,2}

1. Participants consumed 2 OMEGA+++ and 2 LAMININE daily for 90 days.
2. Physicians Desk Reference (PDR), 2025.

The Effects of LAMININE & OMEGA+++
IN 8 WEEKS

11.5%

Lower Cholesterol Levels

20.9%

Lower LDL Cholesterol Levels

16.7%

Lower Triglycerides
Levels

Recommended Use for Adults:

We recommend taking one softgel one to two times daily with a meal. To obtain higher blood levels, 4-5 softgels can be taken daily, as recommended by some health experts.

OMEGA+++ can be taken anytime of the day with food and water.

CONTAINS EGGS, FISH (SARDINE, ANCHOVY, MACKEREL) AND SOY

Featured In

OMEGA⁺⁺⁺ was featured in the world-renowned publication 'Innovations in Medicine'* and our clinical study can be found in the Physician's Desk Reference.

So Why Should You Choose **OMEGA+++**?

- OMEGA+++ is the only omega supplement with LifePharm's proprietary bioactive growth factors.
- Contains 3 different omega fatty acids: Omega 3, 6 and 9.
- Our advanced formula blend is three times more effective than krill oil and fish oil in supporting the circulatory system.
- All ingredients are of the highest quality and responsibly sourced to ensure environmental sustainability.
- Rigorously tested for safety, potency, and purity, ensuring a reliable and effective supplement.
