

# Terms of Use

**Last updated:** 28 October 2025

Welcome to **CC View** (the “**Service**”), a public block-explorer and developer/API tooling for the Canton network operated by **PixelPlex** (“**we**”, “**us**”, “**our**”). By using the Service, you agree to these Terms of Use (the “**Terms**”). If you do not agree, please do not use the Service.

If you have questions about these Terms, contact [privacy@ccview.io](mailto:privacy@ccview.io).

## **Short version:**

CC View shows public blockchain data. We don't custody assets, give investment advice, or run ads. Don't misuse the Service, scrape at scale, or try to break security. We may rate-limit or change features. Use is at your own risk.

---

## 1) Using CC View

- **Public information.** CC View indexes and displays **public** data from the Canton network (e.g., transactions, validator information, governance activity).
  - **Accounts are optional.** You may browse without an account. If you sign in (e.g., with Google) you get optional features such as saved lists and preferences. You are responsible for your sign-in method and for keeping your session secure.
  - **No custody.** We never hold, send, or receive your assets. If you use a wallet or any third-party service, you do so at your own risk and under their terms.
  - **No advice.** Information on CC View is for **information only** and is not financial, legal, or tax advice and should not be used to make decisions without independent verification.
- 

## 2) Your responsibilities

You agree to:

- use the Service only as permitted by these Terms and applicable laws;

- not probe, scan, or test the security of the Service;
- not interfere with or disrupt servers or networks;
- not bypass or remove rate limits, access controls, or headers;
- not scrape, crawl, or download at scale **except** through our published APIs and within posted limits;
- not use the Service to build or train competing datasets or services without our permission;
- not attempt to impersonate others or misrepresent data shown by the Service.

We may **suspend or terminate** access (including API keys) if we believe your use harms the Service or others.

---

### 3) Accuracy and availability

- **Best-effort indexing.** We strive to keep CC View accurate and up to date, but on-chain indexing can be delayed or incomplete. We do not guarantee correctness, timeliness, or continuous availability.
  - **No warranty.** The Service is provided “**as is**” and “**as available.**”
- 

### 4) APIs and SDKs

If you use our APIs/SDKs:

- keep your API key confidential and use it only for your apps;
- respect **rate limits**, fair-use policies, and any posted documentation;
- do not resell, re-host, or repackage the API or bulk-exported data without prior written consent;
- we may change, throttle, or discontinue endpoints at any time.

Additional or updated API terms may apply in the docs; if they conflict with these Terms, the API-specific terms control for API use.

---

## 5) Your content and feedback

If you submit content (e.g., labels, notes, watchlists) or send feedback:

- you grant us a **non-exclusive, worldwide, royalty-free license** to use, display, and improve the Service with that content;
  - you represent you have the rights to provide it and that it doesn't infringe others' rights;
  - we may remove content that violates these Terms or the law.
- 

## 6) Privacy

Our **Privacy Policy** explains what minimal information we collect and how we handle it. By using the Service, you agree to the Privacy Policy. See: <https://ccview.io/privacy>.

---

## 7) Intellectual property; trademarks

- The Service, software, UI, and documentation are owned by us or our licensors and are protected by IP laws. We grant you a **limited, revocable, non-exclusive** right to access and use the Service for personal or internal business purposes.
  - You may not copy, modify, reverse engineer, or create derivative works of the Service except as allowed by law.
  - **Canton** is a trademark of Digital Asset (Switzerland) GmbH. CC View is **not affiliated with or endorsed by** Digital Asset.
- 

## 8) Third-party services & links

CC View may link to third-party sites (including wallets or apps). Those sites are not controlled by us; their terms and policies apply. We are not responsible for their content, actions, or security.

---

## 9) Disclaimers; limitation of liability

To the maximum extent permitted by law:

- **No warranties.** We disclaim all warranties (express or implied), including merchantability, fitness for a particular purpose, title, and non-infringement.
- **No consequential damages.** We are **not liable** for indirect, incidental, special, exemplary, or consequential damages, loss of profits, data, goodwill, or business interruption, even if advised of the possibility.
- **Cap.** Our total liability for all claims relating to the Service will not exceed **USD 100** (or the amount you paid us in the 12 months before the event giving rise to liability, if higher).

Some jurisdictions do not allow certain disclaimers; in that case, the above applies to the fullest extent permitted.

---

## 10) Indemnity

You agree to **indemnify and hold harmless** PixelPlex and its affiliates, officers, employees, and agents from any claims, damages, losses, and expenses (including reasonable attorneys' fees) arising from your use of the Service, your content, or your violation of these Terms or applicable law.

---

## 11) Changes, suspension, termination

We may update the Service or these Terms at any time. If we make material changes, we'll post the new Terms with the updated date and, where appropriate, provide additional notice in the product. Continued use after changes means you accept the updated Terms.

We may suspend or end the Service (or your access) at any time for any reason, including security, operational, or legal reasons.

---

## 12) Export & sanctions compliance

You may not use the Service if you are subject to sanctions or are in a jurisdiction where such use is prohibited by applicable export-control or sanctions laws. You agree to comply with those laws.

---

## 13) Governing law & venue

These Terms are governed by the laws of the USA, without regard to conflicts-of-law rules.

---

## 14) Miscellaneous

- **Entire agreement.** These Terms, plus any posted API-specific terms and the Privacy Policy, are the entire agreement regarding the Service.
  - **Severability.** If a term is unenforceable, the rest remain in effect.
  - **Assignment.** You may not assign these Terms without our consent; we may assign them as part of a reorganization or sale.
  - **No waiver.** Our failure to enforce a provision is not a waiver.
-
