## The dōTERRA® Impact

Most people know dōTERRA for our world-class wellness products, powered by essential oils. But to truly understand who we are and what we do, look to our purpose:

- We intentionally source the gifts of the earth, enriching every life we touch.
- We empower people and communities in their pursuit of self-reliance.
- We break cycles of human suffering and poverty as our business expands.
- We advocate and educate to empower everyone with natural wellness solutions.
- We advance science for the innovative use of essential oils.

dōTERRA was founded on a bold commitment to sell only pure essential oils. As we rapidly expanded, traditional suppliers told us we couldn't maintain our growth without resorting to extended or adulterated oils. But we refused to compromise on quality.

Instead, we began sourcing essential oils directly. We set up long-term relationships with farmers and distillers, building our Global Botanical Network of sourcing partners. We created an award-winning sourcing model—Co-Impact Sourcing®—to source the best and help the most.

Our responsible sourcing efforts bless the lives of the growers and harvesters from whom we source dōTERRA essential oils. It also makes a difference for you. When we say our intention is to enrich every life we touch, we mean *every life*—from our planting and harvesting partners to the individuals and families who use our essential oils in their homes. It's why we pursue what's pure.

## Changing the world takes all of us— and we're committed to lasting impact.

At dōTERRA Healing Hands, we work hand in hand with communities around the world to improve health, expand education, and provide crisis relief. Together with our Wellness Advocates, partners, and donors, we're helping communities thrive for generations to come. **Join us as we ignite change and transform lives.**
